

Georgia CTSA Request for Proposals Biostatistics, Epidemiology & Research Design

Georgia CTSA's Biostatistics, Epidemiology & Research Design (BERD) program is soliciting proposals to support novel methodological research in biostatistics, epidemiology, or health economics to advance clinical and translational research (CTR). Review criteria include: (i.) quantitative methodological research to fill gaps in CTR; (ii.) innovation; (iii.) feasibility; and (iv.) plans for dissemination of results. Awardees are encouraged to disseminate any software developed in their research to CTSpedia, an online knowledge base for CTR, as well as other relevant publicly available software repositories.

Georgia CTSA Mission Statement - The institutions of the Georgia CTSA leverage their *complementary* strengths to accelerate clinical and translational education, research, and community engagement to impact health in Georgia and beyond.

Funding - As many as two awards of up to \$20,000 each in total direct costs.

Eligibility – Full-time faculty from Emory University, Georgia Institute of Technology, Morehouse School of Medicine, and the University of Georgia may submit proposals. One proposal may be submitted per faculty member. Sub-contracts to Georgia CTSA-affiliated entities such as Children's Healthcare of Atlanta are allowed with justification.

Note: All pilot project recipients will be eligible for the **Georgia CTSA Award of Distinction in Team Science** – "To further promote collaboration, the Georgia CTSA Executive Oversight Council will award an annual Award of Distinction in Team Science during their annual meeting to Georgia CTSA investigators who, through their multi-institutional, multi-disciplinary collaborations, have made a profound impact in CTR."

Timeline

March 1, 2018 – proposals due

May 1, 2018 – applicant award notification

July 1, 2018 – start date

June 30, 2019 – end date **(Investigators may NOT apply for a no-cost extension.)**

Application Information

Applicants should submit the following materials using the [online application](#) no later than 5:00 p.m. (no exceptions) **on Thursday, March 1, 2018:**

The online application must be completed in one sitting, so it is recommended that applicants gather the information/documents below before beginning the application.

- Title of the proposal
- Does your project involve investigators from more than one institution? (Yes or no)
- PI name, credentials and institution

- If applicable, Co-PI name, credentials and institution
- Co-Investigators' names, titles and institutions
- Summary/Abstract (500 words maximum)
- Attachments (see below)

Attachments – Each of the following items should be uploaded as PDF documents. Please avoid scanning text documents to create PDFs.

- Specific Aims: *Maximum one page*
- Research Strategy: Must include sections for Significance, Innovation, and Approach. *Maximum 3 pages*. No appendices are allowed.
 - Revised applications should include responses from the previous review. *Maximum 1 page*
- References: *No page limit*
- IRB or IACUC Approval Letter (if the study has already been approved) OR comments on the status of the IRB/IACUC review. IRB or IACUC protocols must have been submitted prior to submission of this pilot award application.
- Projected budget* using this [template](#). Please enter 0 on the facilities and administrative costs line. A separate budget page should be submitted for each institution that will incur costs on behalf of this project.
- Budget Justification
- Biosketches: Include NIH-style biosketches for key personnel. Please use this [template](#). Combine all biosketches into one PDF.
 - Biosketch instructions [here](#)

Application formatting:

- Use paper size no larger than 8 ½" x 11"
- Provide at least one-half inch margins (top, bottom, left, and right) for all pages
- Font size must be 11 points or larger (smaller text in figures, graphs, diagrams, and charts is acceptable as long as it is legible when the page is viewed at 100%)
- Text color must be black (color text in figures, graphs, diagrams, charts, tables, footnotes, and headings is acceptable)
- The following fonts are acceptable: Arial, Calibri, Times New Roman

Click [here](#) for guidance on the Summary/Abstract, Specific Aims, Research Strategy, Budget and Budget Justification.

***Funding Limits and Budgeting Requirements**

- Applicants may request 12 months of funding with direct cost amounts up to \$20,000. **Investigators may NOT apply for a no-cost extension.** Budgets must be in [this format](#). (please enter 0 on the facilities and administrative costs line).
- It is not required that the PI request salary and fringe. If PI salary and fringe are requested, the NIH salary cap applies.
- Funds may be requested for salaries for study staff, students, post-doctoral fellows, and other study-related personnel. Funds may also be requested for research supplies.
- Funds for this project may be used for data collection and analysis, research supplies, and student/postdoc/staff/technical support that are directly related to the conduct of the research. Costs subject to CAS approval, such as general-purpose equipment, office supplies, PCs and laptops, etc. may not be charged to this project. Salary support for administrative support is not appropriate. Travel expenses are not allowable with this funding mechanism.

- All federal and institutional rules and regulations regarding the administration of grants apply. These pilot funds are federal funds.

Review and Award Process

Each application will be reviewed by at least two reviewers. Proposed research should be focused since funds are only provided for 12 months and no-cost extension is not permitted. **Preference will be given to proposals conducted across the Georgia CTSA.** *Applicants will be notified by early May, 2018 if their proposal has been accepted for funding.*

Progress Reports and Citation Requirements

Awardees are required to submit periodic progress reports and to cite the Georgia CTSA NIH award number (UL1-TR002378) on all products (publications, patents, presentations) resulting from this award.

For all application questions, please contact: Bekeela Davila at bekeela.davila@emory.edu
