

Join researchers and clinicians from across the Georgia CTSA for a session on **Virtual Reality and Artificial Reality in Healthcare.**

Blue Sky Groups are unstructured meetings that provide a unique opportunity for attendees to drive the agenda and catalyze future collaborations and research opportunities.

The discussion will be opened by Dr. Barbara Rothbaum, a leading researcher in this field. Discussion topics may include, but are not limited to:

- Learn about the new AR/VR innovation space in Emory's HSRB II
- What are the known funding opportunities?
- What are the cross-institutional collaborative research opportunities between developers and and clinicians?

Share your experience, learn from others, enjoy opportunities for interdisciplinary networking and find potential collaborators!

When:
Nov. 16, 2023
10:30 AM-12:00 PM

Where:
ZOOM
(link in registration)

RSVP:
