

Join researchers and clinicians from across the Georgia CTSA for a session on **The Intersection of Technology and Mental Health.**

Blue Sky Groups are unstructured meetings that provide a unique opportunity for attendees to drive the agenda and catalyze future collaborations and research opportunities.

The discussion will be opened by Dr. Rosa I. Arriaga, PhD, Georgia Tech, a leading researcher in this field.

Discussion topics may include, but are not limited to:

- How can gold-standard practices in your area of expertise be supported/streamlined/improved by technology?
- How can technology help bridge the disparities gap?
- What are the known funding opportunities?
- What are the cross-institutional collaborative research opportunities in this space?

Share your experience, learn from others, enjoy opportunities for interdisciplinary networking and find potential collaborators!

**When:**  
Sept. 7, 2022  
12:00 - 1:30 PM

**Where:**  
**ZOOM**
